Mrs. Brooks Feared She Was Going Into Consumption.

Whether or not consumption.

Whether or not consumption can be cured, it is certain that it can be avoided. Proper treatment and plenty of sunlight will banish the first warning symptoms of this insidious disease, and the following statement will be of priceless value to those who follow its advice:

"They feared I was going to have consumption," says Mrs. W. L. Brooks, of No. 43 West Main street, Meriden, Conn. "I was in a wretched condition, both in mind and body, completely run down and unable to attend to any of my household dutisfor three years.

"I was thin and pale, awfully nervous, with frequent headaches, and sometimes dizzy spells came over me so that I could not stand up. There were almost continual pains in my back and limbs and all over me. The doctor cailed nearly every other day, but I did not seem to improve, and my friends were alarmed for me, when my mother persuaded me to take Dr. Williams' Pink Pills for Pale People. They cured me. After taking them faithfully for awhile my flesh and color returned, my nerves became qulet and all my old troubles disappeared. I am strong now and in perfect health and have no more fear that I shall go into consumption. I will always recommend Dr. Williams' Pink Pills for Pale People.

The pills which cured Mrs. Brooks are an unfailing specific for all described.
